Explanation

Any number to the left of the explanation paragraphs below corresponds to the specific computation line (or lines) in the *Computation* section.

- 1 You owe interest because you underpaid your tax. Interest is required by section 684(a) of the New York State Tax Law and is computed from the due date of the return.
- 2 We imposed a penalty for late payment of the tax shown on the return at a rate of 1/2% per month maximum of 25%) as authorized by section 685(a)(2) of the New York State Tax Law.
- 3 We adjusted the estimated tax claimed on your return to reflect the payments and/or credit in your tax account.
- 4 Any of the preceding items could have adjusted or eliminated your overpayment credit. If you have to pay estimated tax due to an adjustment, you should recalculate the amount of any required quarterly payments.

Computation

Any numbers to the right of the *Computed by NYS* column below correspond to paragraphs in the *Explanation* section.

Penalty and interest continue to accrue on the amount due. For this reason, the *Sub total* in the computation below may not be the same as the *Current balance due* in the *Computation summary*.

To avoid additional penalties, be sure to pay the *Current balance due* shown in the *Computation summary*. This amount also appears on the first page of the bill.
