Property Tax Credit (Schedule H)

Well organized records will make it easier to approve your property tax credit. Please provide the following documentation:

1. Documentation for all income (i.e. Forms W2, 1099, etc.) you received during the tax years in question including income that is not subject to D. C. or federal income tax
2. Documentation for any business income and expenses you have claimed on you return (cancelled checks, receipts, bank statements, etc.)
3. 12 cancelled checks for each year from your bank for your rental payments or a letter from your landlord stating how much you paid in rent for each month during the tax year(s) Lease agreements and rent receipts will not be accepted.
4. If anyone else lived with you during the tax year you must provide their name, social security number and documentation for their income (i.e. Forms W-2, 1099, etc.). The Schedule H instructions state that you must report the income of every member of your household including income that is not subject to D. C. or federal income tax. Household members are all of the people you live with whether they are related to you or not. For example, if you live in an apartment, house or rooming house where you share the kitchen and bathroom with another person, they are considered household members. If you are a tenant in a house, apartment or rooming house where other people live, but you have a separate kitchen and/or bathroom, you are considered the sole household member.

Please note that you will not be eligible for the Schedule H refund if you were not a D.C. resident for the entire tax year, your total household income exceeds \$30,000 you live in a public or subsidized housing dwelling, you are under age 65 and someone else claims you as a dependent on their federal, state or local tax returns or you rent from a landlord whose property was either exempt from real property taxes or who paid a percentage of rental income to the District instead of paying a real estate tax.
